How to Make a Handy Spectacle Case.

Take a yard of 3 inch grosgrain ribbon, with a plain satin edge, of any shade preferred. Cut off 6 1-2 inches and divide this into two pieces, respectively 4 and 2 1-2 inches in length, and fringe one end of each for pockets. Fringe both ends of the long strip. Fold under the unfinished end of each of the two pockets and stitch a pocket to each end of the strip of ribbon close to the fringe, the fringe on the pockets being uppermost.

Cover a large size brass ring with crocheted silk the shade of the ribbon, so one end will be longer than the other, to suspend the case. Then take 3 small squares of chamois of graduated sizes. Cut the edges in fine points and tie the squares together through slits made for the purpose in the upper left hand corner of the smallest center square with a bow of baby ribbon. Slip this inside the smaller pocket to polish the spectacles with.

How to Renew Old Crape.

Lay over the ironing table a piece of black cambric or cloth of any kind and pin the piece of crape smoothly through to the blanket, stretching it out to its original size. Wring another piece of black cambric out of water and lay it over the crape, patting it down with the palm of the hand. Now take hot flat-irons and pass them over the wet cloth, but allowing no pressure to come upon the crape. When the cloth has become dry from the heat of the iron, remove it, but let the crape remain pinned down until all the moisture has evaporated and it is perfectly dry. The crape will now feel and look like new. A long veil can be renovated in this way, making sure that the part redressed comes under the edge of the wet cloth.

How to Make an Excellent Cold Slaw.

Put a gill of vinegar and a gill of water in a bowl which will fit in the top of the teakettle. Add an ounce of butter, an even teaspoonful of salt and 1 of sugar, a little mustard and cayenne and 2 beaten eggs. Stir the mixture until it becomes thick, like custard. Remove from the fire, and, when cold, pour it over raw sliced cabbage, only the white inside leaves being used.

Sarsaparilla Sense.

Any sarsaparilla is sarsaparilla. True. So any tea is tea. So any flour is flour. But grades differ. You want the best. It's so with sarsaparilla. There are grades. You want the best. If you understood sarsaparilla as well as you do tea and flour it would be easy to determine. But you don't. How should you?

When you are going to buy a commodity whose value you don't know, you pick out an old established house to trade with, and trust their experience and reputation. Do so when buying sarsaparilla.

Ayer's Sarsaparilla has been on the market fifty years. Your grandfather used Ayer's. It is a reputable medicine. There are many sarsaparillas. But only one Ayer's. IT CURES.
